Our full complement of *sustainable solutions* has been honed and refined for longer than most.

About us

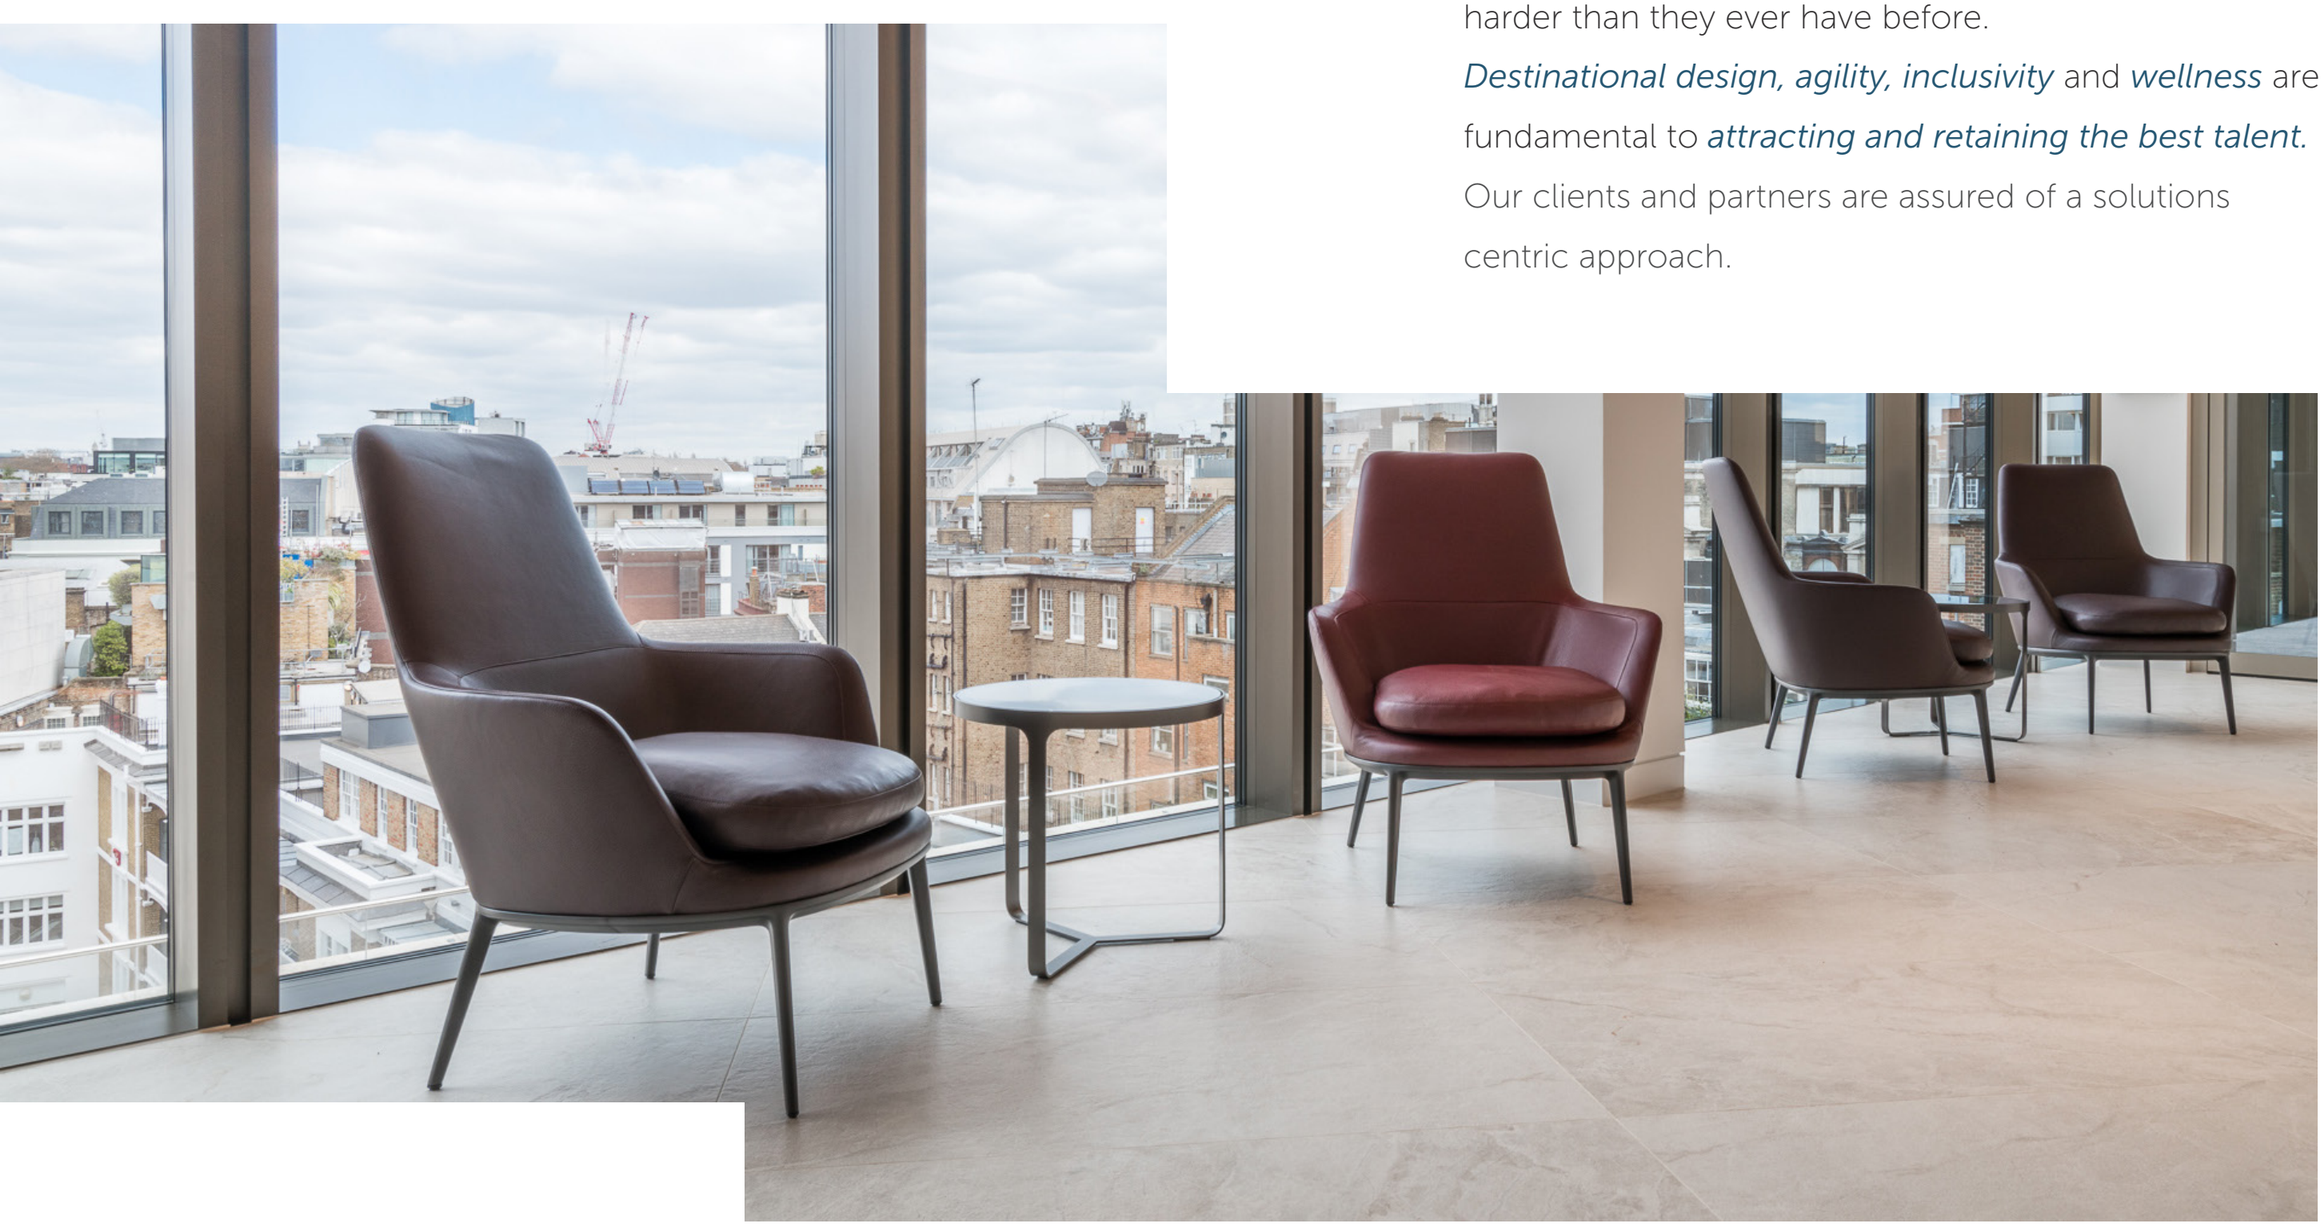

Umbrella, a specialist division of the Wagstaff Group, provides design-led furniture solutions and consultancy services for the ever-evolving workplace.

Our heritage within the built environment has allowed us to develop unparalleled insights into the complex and dynamic furniture landscape. This positions us as a reliable partner adept at providing an independent and holistic approach, ensuring that the workspaces we create not only meet current needs but also contribute positively to a more sustainable future.

Umbrella is backed by the solid foundation of the Wagstaff Group's 120-year history and financial stability. Ran by a multi-disciplined team of furniture specialists, project managers and designers, we have a wealth of experience supporting a diverse range of projects.

Why **Umbrella**

Societal changes mean that workspaces have to work harder than they ever have before.
Destinational design, agility, inclusivity and *wellness* are fundamental to *attracting and retaining the best talent.*
Our clients and partners are assured of a solutions centric approach.

Product Independence...

Our independence empowers us to consistently explore the market, uncovering novel and captivating brands and designs.

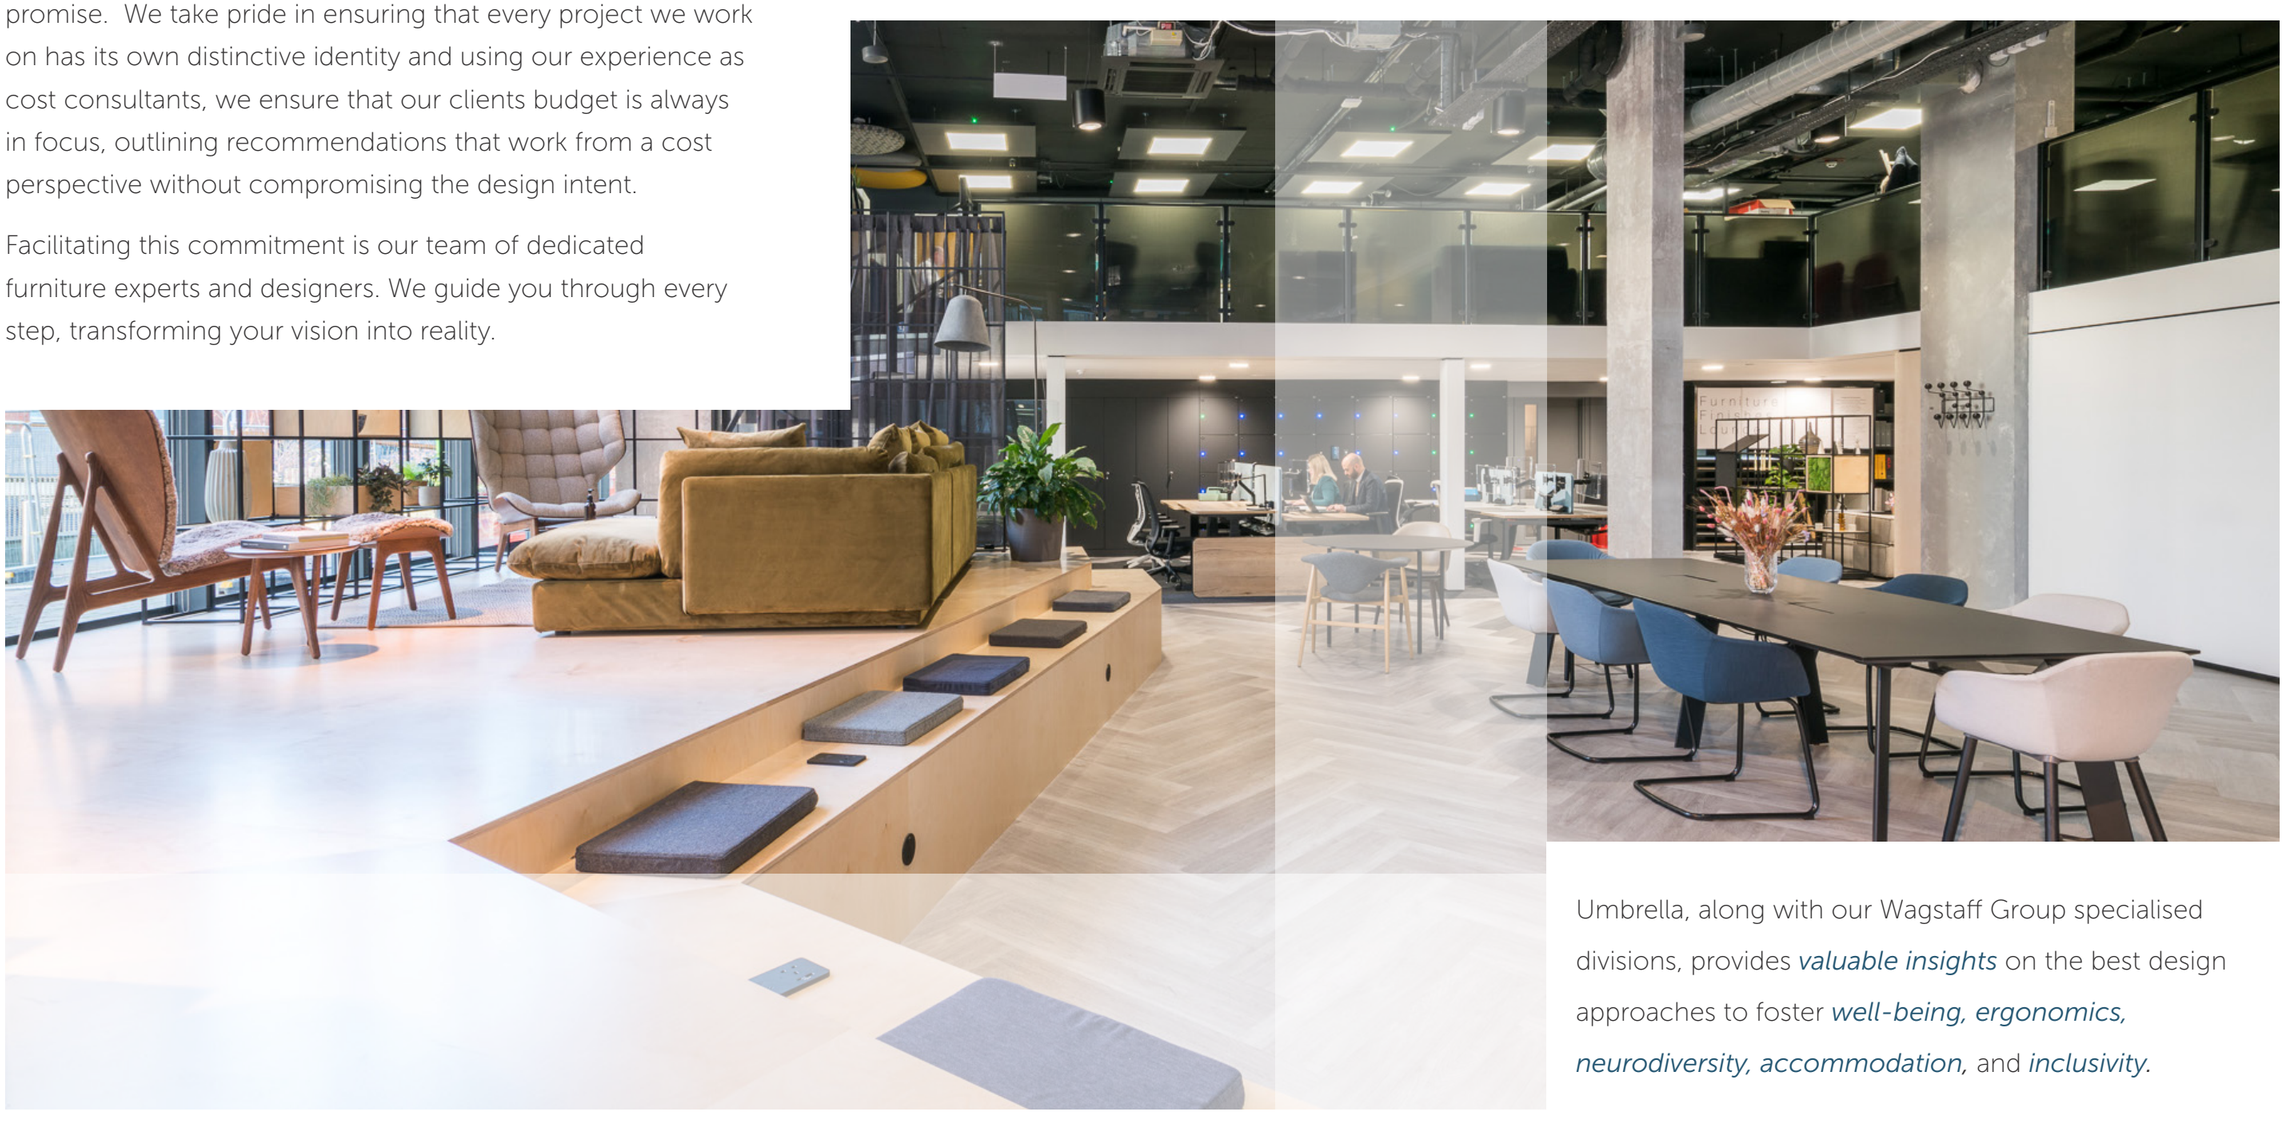

We form lasting partnerships with manufacturers and artisans, each with their own unique stories and innovations. In the past year, we expanded our collaboration to include over 400 different manufacturers, highlighting our commitment to diversity and innovation.

Supporting the Design Process

Elevating the design of each project we undertake is our promise. We take pride in ensuring that every project we work on has its own distinctive identity and using our experience as cost consultants, we ensure that our clients budget is always in focus, outlining recommendations that work from a cost perspective without compromising the design intent.

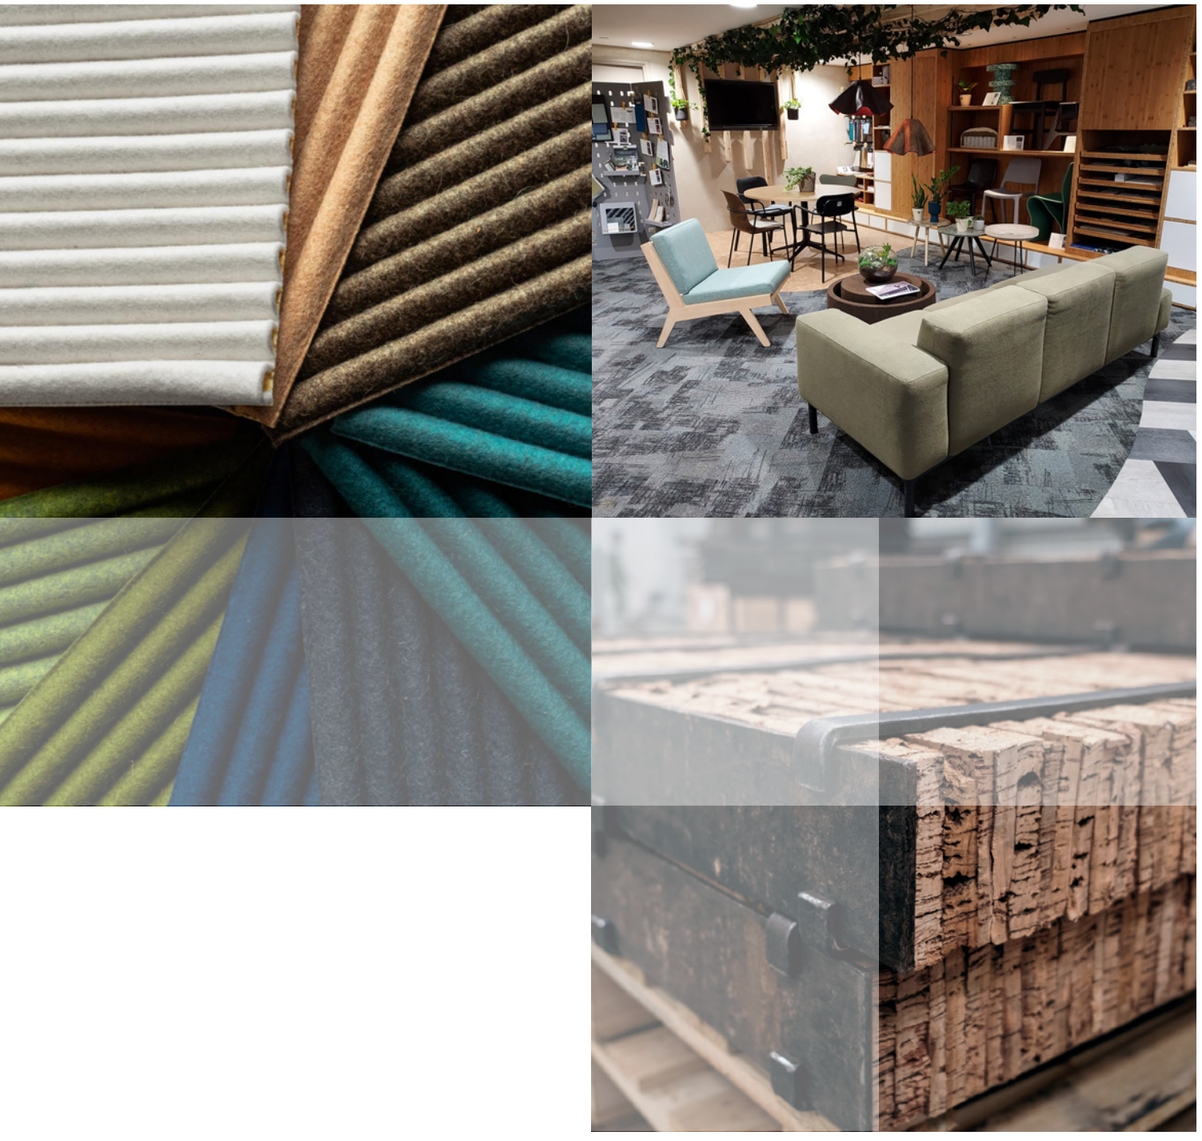

Facilitating this commitment is our team of dedicated furniture experts and designers. We guide you through every step, transforming your vision into reality.

Umbrella, along with our Wagstaff Group specialised divisions, provides *valuable insights* on the best design approaches to foster *well-being, ergonomics, neurodiversity, accommodation,* and *inclusivity.*

Sustainable Procurement...

Demonstrating a strong commitment to the environment is ingrained in Umbrella's core values and aligns with the priorities of many of our clients. For us, sustainability encompasses thoughtful considerations for both the current and future assets, encompassing the entire lifecycle, including planning for end-of-life scenarios for existing and newly procured furniture.

Our Group Offering...

Forming part of the Wagstaff Group, Umbrella can draw from the extensive range of services on offer to support a variety of requirements for our clients with the continual evolution of their complex multifaceted briefs – from Design Services to our first-class showroom in the heart of Clerkenwell, to refurbishment solutions and move management service.

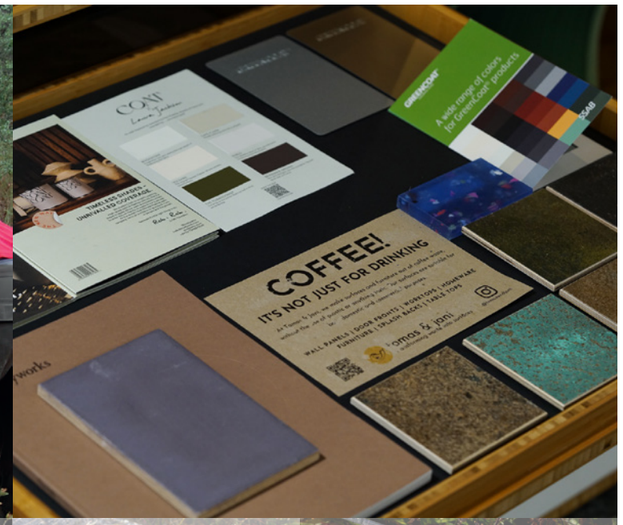

Discover a carefully selected range of products from *multiple manufacturers* showcased at our *Clerkenwell showroom*, right in the heart of the design hub.

Sustainability

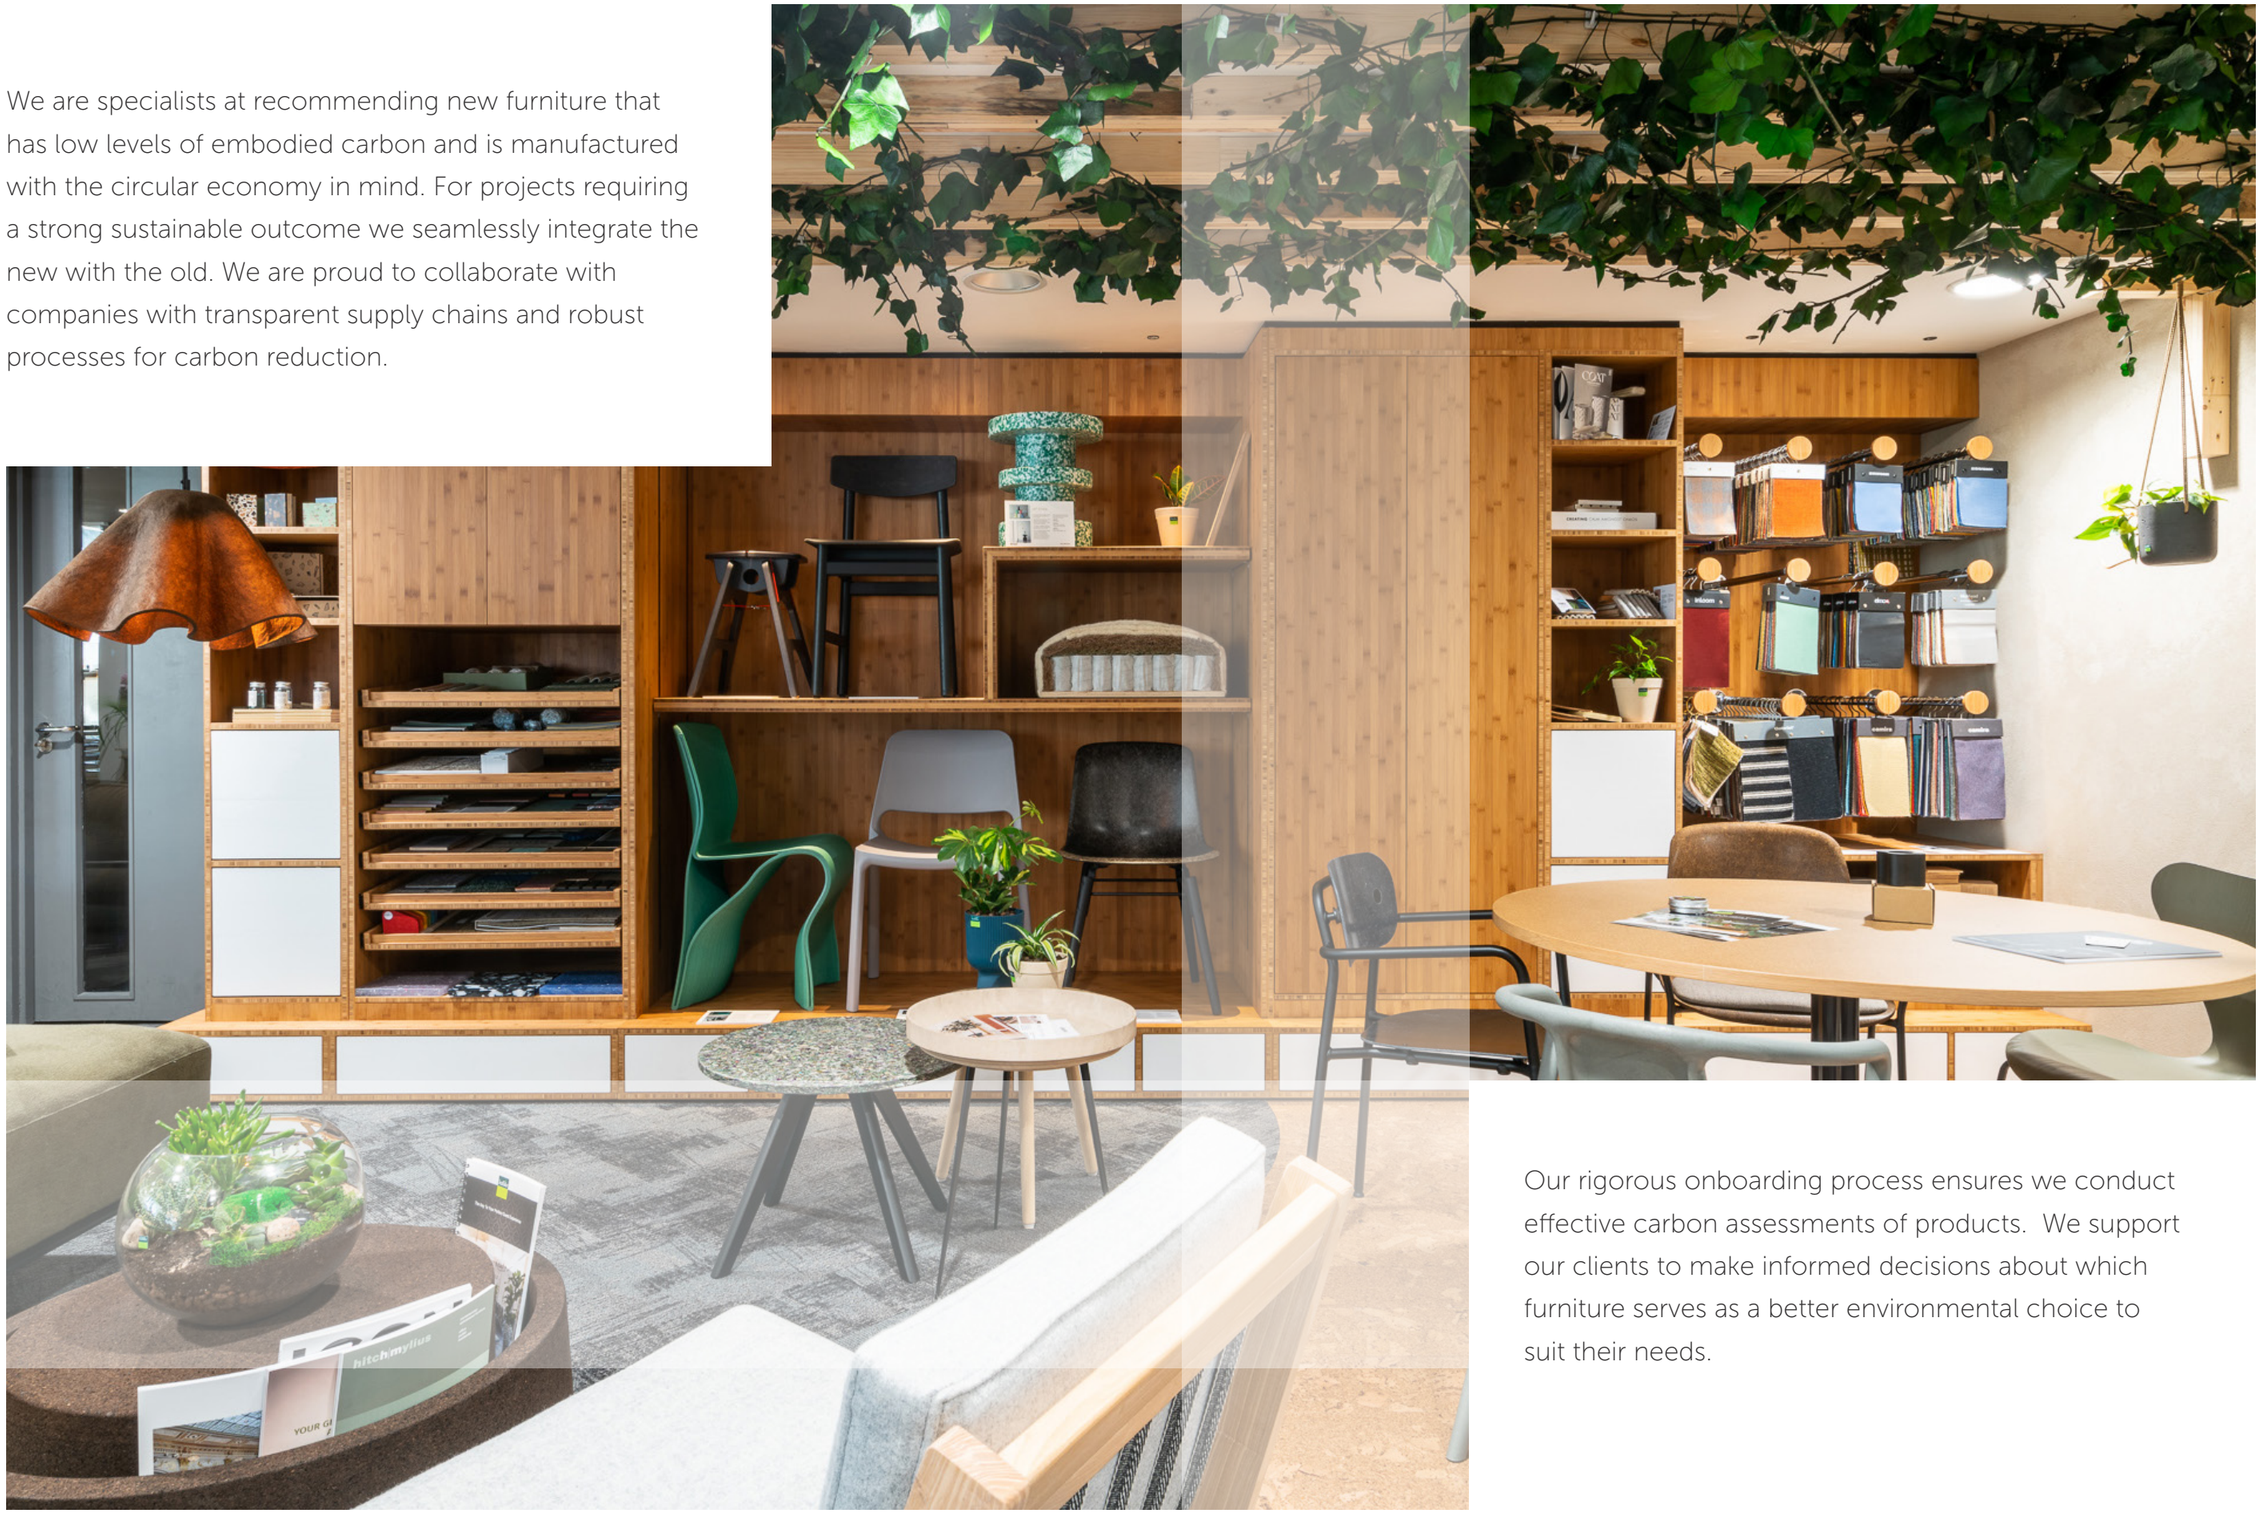

From *upcycling* and *repurposing* existing furniture to finding ethical exit strategies for redundant furniture assets, the circular economy is always front and centre of our commitment to sustainability.
Our sustainable solutions enable us to provide a second life to redundant assets. Either through charitable donations, upcycling or reselling into the preloved market, we are well versed in supporting our clients to achieve a climate positive outcome.

We are specialists at recommending new furniture that has low levels of embodied carbon and is manufactured with the circular economy in mind. For projects requiring a strong sustainable outcome we seamlessly integrate the new with the old. We are proud to collaborate with companies with transparent supply chains and robust processes for carbon reduction.

Our rigorous onboarding process ensures we conduct effective carbon assessments of products. We support our clients to make informed decisions about which furniture serves as a better environmental choice to suit their needs.
