Umbrella + Friends

This year, we have dedicated ourselves to exploring sustainable product ideas and innovative solutions that are guaranteed to transform your workplace into a greener and healthier environment.

Introducing ideas to create an eco-friendly and rejuvenating workspace.

During Clerkenwell Design Week, over 2,000 visitors annually come through our showroom during the three-day festival.

JOTT
Jott Studio are British designer and makers of sustainable handcrafted furniture for the workplace and home. Based in Gloucestershire, using locally sourced British timber and natural materials to keep their carbon footprint really low and minimise their impact on the environment.
Jott are mindful in their approach, using reduce, reuse and recycle as their guiding principles to create long-lasting pieces that don't weigh on the planet or your conscience.
Lounge Chair Two is designed to be fully circular. All parts including cushions and springs can be reused and recycled as part of Jott's Parts Recycling Scheme.
Jott has a zero staples policy, instead this chair is designed to clip and secure in place. Zero staples means zero to landfill.
